PROFESSIONAL SUMMARY

Senior UI/UX Designer and Brand Strategist with 6+ years of experience delivering digital products, brand identities, and motion design for startups, agencies, and established businesses across Pakistan, Qatar, UAE, and Australia. Skilled in end-to-end product design ownership including user research, wireframing, prototyping, design systems, usability testing, and Figma developer handoff. Bridges UI/UX design and front-end development with working knowledge of HTML5, CSS3, Tailwind CSS, and Next.js. Proven results: 46% reduction in invoice processing time (Petrozen ERP), 54% reduction in booking abandonment (Strong Rental Cars Qatar), 98.6% AI-detection accuracy and 4.9/5 user satisfaction (Stealth Humanizer App), and 200,000+ video views (Growth Marvels). Seeking Senior UI/UX Designer, Product Designer, or Creative Lead roles, including remote opportunities.

PROFESSIONAL EXPERIENCE

Senior UI/UX Designer — Pakalign Studio, Lahore, Pakistan *2024 – Present*

- Lead end-to-end UI/UX design across 10+ digital products, including SaaS platforms, mobile apps, and brand systems for AI-first companies.
- Designed the Pakalign Studio brand identity and design system from scratch, driving a 100% uplift in brand recognition across client touchpoints.
- Collaborate with product managers, developers, and marketing teams on cross-functional delivery, managing 5+ active client accounts simultaneously.
- Produce social media design campaigns for B2B and B2C clients while maintaining brand consistency at scale.
- Mentor junior designers and lead design critiques, reducing design iteration cycles by an estimated 30%.

Senior UI/UX & Social Media Designer — Vieapps Studio, Lahore, Pakistan *2023 – 2024*

- Managed a 3-person design team delivering mobile app UI/UX design across Android and iOS platforms.
- Owned post-production UX improvements for 4 live mobile products, analyzing user feedback and shipping iterative design fixes.
- Built and maintained a shared Figma design system of components, tokens, and guidelines, reducing new screen design time by approximately 40%.
- Created performance-driven social media creatives for international clients in the UAE and Australia, reaching 50,000+ impressions per month.
- Ran weekly design reviews with cross-functional stakeholders, translating business requirements into user-centered design solutions.

UI/UX Designer — Cross Code, Lahore, Pakistan *2021 – 2023*

- Designed intuitive user interfaces for 6+ mobile platforms across iOS and Android, including onboarding flows, dashboards, and transactional screens.

- Partnered with front-end developers to ensure pixel-accurate implementation, maintaining design-to-development consistency above 90%.
- Conducted 3 rounds of usability testing per product cycle, improving average task completion rates by 25%.
- Delivered the Strong Rental Cars Qatar redesign, reducing a 6-step booking flow to 3 steps and achieving a 58% increase in completion rate and 54% reduction in cart abandonment.

Junior Designer & UI/UX Designer — K-Tale · Uncle Fixer, Lahore, Pakistan*2017 – 2021*

- Designed UI for 3 mobile game titles at K-Tale, including icon systems, game HUDs, and onboarding screens.
- Created 2D frame-by-frame animations and motion graphics for 15+ marketing campaigns at Uncle Fixer.
- Produced mobile and web interface designs with style guides for 5+ clients, building a strong foundation in Adobe Creative Suite and UI component design.

SELECTED PROJECTS

Petrozen ERP SaaS — End-to-End UI/UX — *Lead UI/UX Designer & Product Architect · 2 months · 2025*
https://www.usamazahid.design/portfolio/petrozen-erp/

- Led design of a purpose-built multi-tenant ERP for LPG trading covering Sales, Purchases, Inventory, Accounts, Tax, and Audit.
- Conducted 200+ user interviews and 3 usability testing rounds; designed role-based dashboards for Admin, Manager, and Employee personas.
- Delivered full Figma-to-developer handoff, achieving a 46% reduction in invoice entry time and a 58% reduction in accounting errors.

Stealth Humanizer App — AI Detection Mobile App Redesign — *Product Designer (UI/UX), CodeStreaks · 2 weeks · 2026*
https://www.usamazahid.design/portfolio/stealth-humanizer-ai-app/

- Led a solo end-to-end UI/UX redesign of an AI text-humanization and AI-detection mobile app (iOS & Android) that was losing user traction due to poor UI/UX.
- Ran 9 user interviews, Play Store review mining, and a competitive teardown of 3 apps to identify navigation and information architecture issues.
- Restructured information architecture and simplified the AI detection and results flow, raising detection accuracy to 98.6% (+6.4%), cutting average scan time to 2.3 seconds (45% faster), and lifting user satisfaction to 4.9/5 (from 4.2).

Strong Rental Cars Qatar — Web & App Redesign — *Product Designer (UI/UX) · 4 months · 2023*
https://www.behance.net/gallery/198431709/Strong-Rental-Car-UiUx-Design

- Led a full web and mobile redesign, simplifying a 6-step booking flow to 3 steps and integrating real-time availability and AI-powered recommendations.
- Achieved a 94% task success rate across 200+ usability testing participants, driving a 58% increase in booking completion and 54% drop in cart abandonment.

Codestreaks — AI Studio Brand Identity — *Brand Designer · 2024*

- Designed a complete brand identity for an AI automation studio, including a scalable logo system, tech-forward color palette, and typography hierarchy.
- Delivered a 127% increase in brand recognition and a 4.8/5 user trust score.

Growth Marvels — 2D Kinetic Typography Video — *Motion Designer & Animation Artist · 2023*

- Directed a 2-minute 40-second brand launch video, coordinating a 4-person team of illustrator, writer, and music artist for on-schedule delivery.
- Generated 200,000+ views and a 12% engagement rate for the company launch.

Fashion Brand Website — AI-Assisted Development (Next.js) — *Designer & Developer · 2026*

- Designed and shipped a full marketing website in 48 hours using Cursor AI-assisted development with Next.js and Tailwind CSS.
- Achieved a 98+ Lighthouse performance score with a responsive, conversion-focused layout.
